NEW! Hitachi StarBoard FXDUO + RM Easiteach

HITACHI
Inspire the Next

FXDUO Interactive Whiteboard meets Award Winning Content!

Hitachi integrates its leading interactive whiteboard with RM Easiteach educational software. This combination provides hands-on tools such as stopwatches, timers, sentence builders and place-value cards that make the transition to interactive teaching seamless. In addition, RM Easiteach's subject focused toolbars give educators all the resources they need to create exciting, stimulating lessons.

RM Easiteach software is included with the purchase of any Hitachi StarBoard FXDUO interactive whiteboard.

Hitachi StarBoard FXDUO Benefits

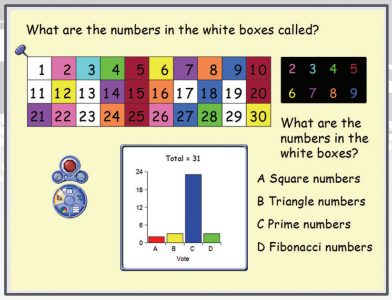
- Electronic-free surface can work with damage.
- No special pens required: Use your finger, electronic pen (optional), or any object.
- Control using multi-touch hand gestures for a natural interface.
- Includes StarBoard Interactive Software with free updates and lifetime support.
- Five year warranty.

RM Easiteach Software Benefits

- Build and deliver dynamic interactive lessons.
- Includes all Easiteach curriculum toolbars (not just the starter pack): Math, Science, English Language Arts, and Geography.
- Allows installation on up to five computers.
- Access to downloadable state-aligned lessons and activities.

Creativity. Interactivity. Results.

From learning addition and subtraction to complex physics problems, RM Easiteach provides tools to model and demonstrate concepts, ideas and processes interactively. Educators can access free ready-made lessons online at www.myeasiteach.com.



What are the numbers in the white boxes called?
What are the numbers in the white boxes?
